Feeling unlucky?
Want to build huge towers without wasting time?
Deliberately want to purchase 3x bigger ornaments, as your heart wishes?
Well, I heard you and you can have it all with Creature Mill's, "Tuned Arrow."

How is it?

Upsampling artifacts by weakening them just a notch
Reversing artifacts by turning the amplification level to it's inverse number
Adding a variety of effects with various multipliers for each
Precursor artifacts by stranding the tuning parameters to the nearest technological key

What's the point?

Simply put, you become the Magus that controls the bows, giving you the power to control your archery.

With the addition of the Precursor artifacts added to the Tuneups, this equipment enables you to upgrade your archery to 100% precision, or as I like to say, humanly.

This is a class that can be utilized over-and-over again to make your other Archer equipment more powerful, which
